Discussion around the main feuds going into SuperStellar.

NA says he wants Skullcrusher to beat some jobber into oblivion.

CC asks if it's necessary to do that angle again, given that Skullcrusher has defeated 27 jobber opponents in the last six months. Suggests maybe it's time for a proper feud for Arnold.

JA points out that Arnold hates the gimmick, and would very much like to change his character to something less barbaric.

NA says that seeing some loser get destroyed by a hulking great monster is what the people pay to see. He affirms that it is also what he wants to see, and that he's the boss.

General agreement that Skullcrusher should defeat "some loser" at SuperStellar.

—

HM mentions that Bart is now dropping petals over at the WGA shows to represent his family.

NA asks if the GGF can sue over their use of petals when Bart originally did so on their product.

GL says she will look into it with the lawyers.

—

NA says feuds should continue between he and Max Destin, as well as between Frankie and Buddy, and Jennifer and Rachel.

JA and RA both request that their feud be discontinued.

RA says the matches are humiliating.

JA says the feud is creatively uninspired.

NA asks the group who owns the company.

The group unanimously agree that NA owns the company.

NA calls for a gravy bowl match between JA and RA for SuperStellar.

SA asks if that's the type of content they should be proud of producing as a family owned corporation.

NA spills SA's coffee onto SA's lap.

JA and RA booked in gravy bowl match at SuperStellar.

—

JA suggests PII be booked in a match against The Unnamed.

CC agrees this would work well as a main feud.

NA agrees. PII vs The Unnamed to be booked at SuperStellar.

—

NA says the genuine heat between Frankie and Buddy is working well.

SA points out that Ted believes Buddy should get a win over Frankie.

NA says they're both too old to win anything. He then laughs and says that every time Ted asks Buddy to be pushed, he intentionally buries him a few more times, just to make him miserable. States that Buddy will lose to Frankie at SuperStellar.

-----

Confirmation on title holders going into SuperStellar.

CC says that Liberty should take the belt from Brooke Morgan.

NA says he doesn't care.

All in agreement. Liberty will win the belt from Morgan at SuperStellar.

—

NA says Stevie Babe will continue with the IC title and that he will win via a ladder match. Says he doesn't care who he beats.

CC suggests Juan I Tonely for his acrobatic skills.

NA says he doesn't give a [redacted] who does it, just that Stevie should win.

—

HM asks if NA has any thoughts on him vs Max.

NA says that he wants to have a no DQ match with Max, and take the title from him.

SA asks why.

NA states that he wants to “beat the [redacted] out of him”. Says he wants this SuperStellar to be “dark [redacted]” and “seriously [redacted]”. Says it has all been building to this.

SA again asks why.

NA says because he wants the world to genuinely believe that Max Destin is going to kill NA. He follows up by saying that at some point in the storyline NA will fake his own death, in an effort to frame Max Destin for murder. Suggests the timeframe between SuperStellar and Ritual Warfare should be ideal.

All in agreement that NA will defeat Max Destin at SuperStellar in a no DQ match.

—

BB suggests he and HA defeat some Flowers at the upcoming show.

NA agrees that works.

BB and HM to defeat TBD Flowers’ family members at SuperStellar.

-----

Discussions around what to do with Daisy Flowers.

GL says that the Flowers’ family are upset at the treatment of Daisy and the cause of his injury.

NA says they’re not so upset that they won’t cash their paychecks.

CC points out that it doesn’t help the company’s image to have wrestlers with visible addiction issues - especially after the ordeal of the lawsuit.

NA mentions that the Flower family have booked to see him after SuperStellar for a meeting about Daisy’s care, and that they blame the GGF for the injury that caused his addiction. NA continues that they’re insane but he’ll “deal with it”.

BB asks what NA intends to do with them.

NA says he’ll find out what they want and go from there. Says he’s happy to cover any treatment costs for Daisy and that he can come back whenever he’s ready. Also mentions that he doesn’t have time to mess with the Flowers family, what with everything else he’s going through right now.

- Any other business

GL announces that Ted Parsons needs significant time off for his breast cancer surgery and treatment.

NA laughs at the word 'breast'.

JA asks what will be done with him while he's in treatment.

NA says he's already decided that Ted will get written off the product and fired. He continues to say that in storyline, Ted will announce his "boob cancer" to the GGF fans on Pyro and undergo a "boob job operation" on live television and that it will be really, really funny.

GL asks if it's a little insensitive.

NA laughs and says "girls are always offended anyway", and that he hasn't finished yet. He says that Ted will take a holiday to get his "boob job" after his wife reveals that she is secretly a lesbian. He says then it will be really funny because Ted will have to become a woman to win her back, except he still falls asleep during sex and she leaves him anyway.

BB says that is very funny.

HM agrees that it is hilarious.

JA says the whole thing sounds "extremely lame".

NA points out that it doesn't matter what she thinks, also it's a great way to write him off TV so we can fire him. NA says he wants to be the one to tell him of the plans and that he'll do so after SuperStellar.

Ted Parsons to be informed of his upcoming gimmick and consequent release after SuperStellar.

## **5. Adjournment**

GL adjourned the meeting.
