3. Approval of minutes from last meeting

GL read the minutes from the last meeting. The minutes were approved.

4. Open issues

- Theme of next week's Pyro
- Main feuds going into Chairpocalypse
- Confirm new title holders

Discussion around the theme of Pyro.

AA suggested "last chances".

All in attendance agreed that the theme works well.

"Last Chances" confirmed as the theme of next week's Pyro.

Main feuds going into Chairpocalypse next for discussion.

CC suggested Tony Punch and Andrew Fingers be paired together for a tag team. Noted the amusing pairing of their names.

Unanimously agreed by all in attendance.

Rivals to be decided next week when NA returns.

JA pointed out that The Skullcrusher needs a new opponent.

GL reminded the meeting that the jobber division was made for this purpose.

JA asked Li to discuss with talent for new ideas. GL agreed to speak with them directly.

JA asked who would be next for the women's division. PII pushed for Liberty. JA pointed out that Brooke Morgan had only held the title for a couple of weeks and that if she faces Liberty, she will have to lose the title. AA agreed that Morgan should lose the title to Liberty but not until SuperStellar.

PII suggests the group move onto "more important matters", such as catering.

AA confirms that NA wants the feud between him and Destin to continue until SuperStellar at the earliest.

PII bemoans NA's involvement in the title, pointing out that NA "can't wrestle".

AA reminds PII that wrestling is about more than wrestling.

PII makes a joke that wrestling is about pleasuring NA's ego more than about wrestling.

SE points out that NA is absent from the meeting.

Cassius debates the benefit of NA's attendance at meetings. Points out the mild and pleasant atmosphere without him present.

PII agrees that things would be easier creatively if NA were no longer around.

5. New business

- Discussions were had around the direction of Lou 'G' Destin. Debate over whether he should have a title run or not.

SE pointed out that Lou is older than most other competitors.

TP argued that experience is invaluable to the business and that the company should pair him with up-and-coming talent to spread the value of their acquisition.

TP said that Buddy Rust should get an opportunity with the IC title.

PII pointed out that his opportunity was before the Ice Age destroyed the dinosaurs.

TP reminded SE and PII that Rust trained SE prior to his signing with the company.

PII replied that Nicolas Armstrong aims to push younger talent to more effectively compete with the WGA. Suggested SE get the IC run.

General agreement that SE become the next IC champion at Chairpocalypse.

TP abstained from vote.

6. Adjournment

TP adjourned the meeting.
